Associate Scientist, Protein Purification & Characterization

Pandion Therapeutics is focused on discovering and developing therapies for patients suffering from autoimmunity, inflammation and transplant rejection. We are currently expanding and seeking a talented Associate Scientist to join Pandion's Therapeutic Protein Technologies team.

RESPONSIBILITIES

- Perform purification of antibodies and Fc-fusion proteins.
- Perform basic protein characterization assays (SDS-PAGE, Western Blot, UV-Vis spectroscopy, analytical SEC, DLS)
- Conduct protein chemical/physical stability, polyreactivity, and self-interaction studies (DSF, ELISA, AC-SINS, CIC, FcRn assay)
- Thoroughly document experiments and communicate results across Program Teams

KNOWLEDGE AND SKILL REQUIREMENTS

- Knowledge and skills in basic chromatographic techniques (affinity, IEX, HIC and SEC)
- Experience with commercial FPLC and HPLC systems
- Familiarity with standard analytical characterization techniques of proteins (cIEF, CE-SDS, polyreactivity assay, DLS, DSC, DSF, AC-SINS, CIC)
- Experience with mass spectrometry would be a plus
- Intellectual curiosity: willingness to learn
- Excellent organizational and time management skills
- Ability to thrive in a multi-disciplinary entrepreneurial start-up environment that is highly collaborative, fast-paced, and team-oriented
- Effective verbal and written communication skills

EDUCATION AND EXPERIENCE

- Bachelor's/Masters' degree in Analytical Chemistry/Biochemistry/Biophysics or a related discipline with at least 3 years of relevant experience in industry.

ABOUT PANDION

Pandion Therapeutics was founded in 2017 with the mission to develop bispecific antibody therapeutics that act at the local site of disease, offering the potential for significantly improved therapeutic options beyond systemic immunosuppressive treatments. We aim to shift the paradigm and create a new generation of drugs with transformative efficacy and improved safety to treat immune-related conditions such as inflammatory bowel disease, type 1 diabetes, and

autoimmune liver, kidney and skin diseases. Pandion was recently recognized as a 2018 Fierce 15 Winner.

Pandion Therapeutics is committed to diversity, and proud to be an equal opportunity employer. All qualified candidates will be considered for employment, regardless of race, color, age, ancestry, religion, national origin, gender, gender identity, genetic information, parental or pregnancy status, sexual orientation, citizenship, marital status, disability, or Veteran status.
