

Leadership & Women of the Future

~ Awards and Panel Discussion ~

Tuesday, June 12, 2018, 6:00 PM - 8:30 PM

Our exposure to great role models and sponsors can substantially influence how our careers grow and develop. Please join us for an evening to honor four inspirational established women leaders who have made their mark. Hear these established leaders describe the secrets to their own success, and learn more about the attributes that they are seeing exemplified in outstanding women from the next generation. Be inspired, network, get good tips, and celebrate the career advancement of women in STEM!
