

WEST'S 25TH ANNIVERSARY SPONSORSHIP INFORMATION

WEST: Empowering women in science and technology to thrive and advance their careers

Who Are We?

WEST is a Boston-based non-profit driving the advancement of professional women in STEM through knowledge-sharing, mentorship, and community. Each year, we host 40+ events that engage thousands of STEM professionals in science and technology industries. Our impactful initiatives, including a mentoring program and an executive peer circle program, help women to grow, lead, and thrive across their career stages. Sponsorships are essential to fueling this mission and deepening our impact. Support the future of STEM - partner with WEST.

Why Support WEST and Our 25th Anniversary?

Supporting the 25th Anniversary event on October 22, 2025 will support the mission of WEST and all our activities. Sponsoring WEST turns your commitment to advancing women in STEM into action. Our programs expand access to mentorship, networks, and career development for women at all stages—driving real impact in science and technology fields. Additionally, your organization gains meaningful visibility within the community as a progressive, inclusive employer and a leader in supporting gender equity in STEM.

How Can You Engage and Support?

Show you are a champion for women in STEM and explore the options below.
